

# Career Day

## Your Career Path Starts With Your First Job

### April 17, 2008

**Event Sponsors:**  
Environmental Training Center  
P.I.P.E  
Orange County Animation Project

Students visited college and ROP exhibit booths and obtained information about classes they need to start their careers.

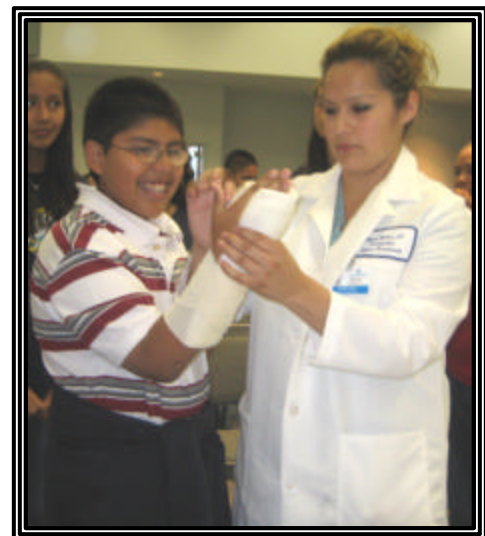

Connecting with a representative from the Orange County Animation Project helps students understand the career opportunities in the Animation Industry.

Students were able to experience what an actual fire fighter would wear to perform their job.

A representative from the Orange County Animal Care Services showed the students how they work with the animals while on the job.

An Orthopedic Technician from Kaiser Permanente showed students how to put on a cast on a broken arm.
